

# We're Getting Hitched!

Dear Friends and Family,

We are thrilled to announce that we have decided to take our love to the next level--yes, we are officially engaged! After much consideration and a few heart-to-heart discussions (mostly about who would control the TV remote), we realized we just couldn't live without each other!

Our fairy tale began when we met on that fateful day, and let's be honest, it was totally love at first swipe! Now, we're ready to say "I do" and take the plunge into the wonderful world of marriage--where the dishes double, the Netflix accounts are merged, and pillow fights become serious tournaments!

Mark your calendars, because we are planning to tie the knot on **[Insert Wedding Date]**. We promise there will be dancing, cake, and plenty of opportunities to witness our epic dance skills (or lack thereof). We can't wait to celebrate our engagement and future together!

Thank you for being a part of our lives. We hope your hearts are as full as our snack cabinets (which, let's be honest, will need some serious inventory control if we're going to survive this engagement). Let the planning begin!

With love and lots of laughs,

**[Your Names]**
