

# Public Transit Safety Concern

Date: [Insert Date]

To Whom It May Concern,

I am writing to express my concerns regarding the safety issues related to the public transit system in our area. As a regular commuter, I have observed several alarming incidents that compromise the safety of passengers.

Specifically, I would like to highlight:

- Inadequate lighting in stations during evening hours.
- Insufficient security personnel present on trains and buses.
- Frequent delays that contribute to overcrowded and stressful environments.

I urge the transit authorities to address these issues promptly to ensure a safer commuting experience for all. Thank you for your attention to this matter.

Sincerely,
