Dear [Recipient's Name],

I am writing to initiate an investigation into our current mentorship programs aimed at promoting career growth within our organization. As we strive to enhance employee development and retention, understanding the effectiveness and impact of these programs is crucial.

Specifically, I would like to gather information on the following aspects:

- The structure and format of the current mentorship programs.
- The participation rates of employees in these programs.
- The feedback from both mentors and mentees regarding their experiences.
- The measurable outcomes related to career advancement for participants.
- Suggestions for improvements or new initiatives that could be implemented.

To facilitate this investigation, I propose conducting surveys and interviews with current and past participants. I believe this feedback will provide valuable insights into the strengths and weaknesses of our mentorship offerings.

I appreciate your attention to this important matter and look forward to your collaboration in gathering this information. Please let me know a suitable time for us to discuss this further.

Thank you for your support.

Sincerely,

[Your Name]
