Dear [Client's Name],

Thank you for meeting with me to discuss your estate planning needs. Based on our conversation, I have outlined several recommendations that will help ensure your wishes are carried out and your assets are protected.

1. Update Your Will

It is essential to have an updated will that reflects your current wishes, including the distribution of your assets and the appointment of guardians for any minor children.

2. Establish a Trust

Consider establishing a revocable living trust to manage your assets during your lifetime and distribute them efficiently after your passing.

3. Health Care Power of Attorney

Appoint a trusted individual as your health care proxy to make medical decisions on your behalf if you become unable to do so.

4. Durable Power of Attorney

This document allows someone you trust to handle your financial affairs if you are incapacitated.

5. Review Beneficiary Designations

Ensure that all beneficiary designations on your life insurance policies and retirement accounts are current and reflect your wishes.

6. Consider Tax Implications

Consult with a tax professional to understand any potential estate tax implications and strategies to minimize your tax burden.

Please review these recommendations and feel free to reach out with any questions or to schedule a follow-up meeting to discuss further.

Best regards,
