Dear [Partner's Name],

As we prepare to embark on this lifelong journey together, I believe it is essential for us to discuss our expectations regarding our prenuptial agreement. This will not only provide clarity but also strengthen our commitment to one another. Below are some key points I would like to address:

1. Financial Responsibilities

We should outline how we will manage joint and individual finances, including budgeting, savings, and expenses.

2. Asset Division

It is important to clarify what will happen to our assets in the event of a separation or divorce.

3. Debt Management

I propose we discuss how we will handle any debts incurred prior to and during our marriage.

4. Support Obligations

We should outline any agreements regarding spousal support, if applicable.

5. Future Inheritance

It may be prudent to address how future inheritances will be treated in our agreement.

I believe that addressing these topics will help us build a solid foundation for our marriage. I look forward to discussing these points further and coming to mutual agreements that respect both our interests.

With love,
