Dear [Teacher's Name],

I hope this message finds you well. I am writing to formally request a meeting with you to discuss my child, [Child's Name], and their progress in your class this semester. I believe a review would be beneficial in understanding their strengths and areas where they may need additional support.

Please let me know your available times so we can arrange a meeting that works for both of us. I appreciate your commitment to my child's education and look forward to our discussion.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
