[Heirs' Addresses]

[City, State, Zip Code]

Dear [Heirs' Names],

I hope this letter finds you well. I am writing to provide clarification regarding the inheritance tax implications related to the estate of [Deceased's Name].

As the administrator of the estate, it is important to address the following key points:

- The estate will be subject to [specific state/country] inheritance tax.
- Each heir's share of the inheritance will determine their personal tax liability.
- It's advisable for each heir to consult with a tax professional to fully understand their obligations.
- There are potential deductions and exemptions that may apply based on the value of the estate and the relationship to the deceased.

We will be providing additional documentation and resources to assist you in navigating this process. Please feel free to reach out if you have any questions or require further clarification.

Thank you for your understanding and cooperation.

Sincerely,

[Your Name]

[Your Position, if applicable]
