Dear [Recipient's Name],

As we continue to explore the beauty of our planet, it is essential that we commit to sustainable and responsible tourism practices. I am writing to express my commitment to green travel and to outline the steps I will take to minimize my environmental impact while traveling.

My Green Travel Commitments:

- Choose eco-friendly accommodations that prioritize sustainability.
- Utilize public transportation or walk whenever possible to reduce carbon emissions.
- Support local businesses and communities during my travels.
- Practice Leave No Trace principles to preserve natural habitats.
- Participate in activities that promote conservation and environmental awareness.

I believe that every traveler has a responsibility to contribute positively to the places they visit. By making conscious choices, we can protect our planet for future generations.

Thank you for your commitment to responsible tourism. Together, we can make a difference!

Sincerely,
