Dear [Landlord's Name],

I hope this message finds you well. I am writing to formally request the installation of energy-efficient appliances in my unit located at [Your Address]. As a tenant concerned about both environmental impact and utility costs, I believe that upgrading to energy-efficient options could benefit both of us.

Specifically, I would like to request the following appliances:

- Energy-efficient refrigerator
- Energy-efficient washing machine
- Energy-efficient dishwasher

These upgrades not only promote sustainability but will also likely lead to lower energy bills over time. Many of these appliances come with tax incentives and rebates that could help offset the initial costs.

I appreciate your consideration of my request and look forward to discussing it further. Thank you for your attention to this matter.

Sincerely,

[Your Name]
