

What to Expect on the Day of Your Surgery

Dear [Patient's Name],

As your surgery date approaches, we want to provide you with important information to help you prepare for the day. Below is a guideline of what to expect on the day of your procedure:

Arrival Time

Please arrive at the hospital at [insert time], allowing ample time for check-in and pre-operative preparations.

Check-In Process

Upon arrival, you will check in at the reception. A member of our staff will assist you with the necessary paperwork and verify your medical history.

Pre-Operative Preparation

You will be taken to the pre-operative area where you will change into a surgical gown. A nurse will monitor your vital signs and may start an IV line for medication.

Meeting Your Surgical Team

The surgeon and anesthesiologist will meet with you to go over the procedure details and answer any questions you may have.

The Surgery

Your surgery will be performed in the operating room. The duration of the surgery will depend on the specific procedure being performed.

Post-Operative Recovery

After the surgery, you will be moved to the recovery area where staff will monitor your recovery as the anesthesia wears off.

Instructions for Family

Family members can wait in the designated waiting area. We will keep them updated on your progress throughout the surgery.

After Your Surgery

Post-surgery, you will receive instructions regarding your care at home, including medication management and follow-up appointments.

If you have any questions before your surgery date, feel free to contact us at [insert contact information].

Thank you for trusting us with your care.

Sincerely,

[Your Healthcare Team]
