

# Participation Eligibility for Medical Research Study

Dear Potential Participant,

We appreciate your interest in our medical research study. Before you decide to participate, please review the following eligibility criteria:

## Eligibility Criteria

- Age: Participants must be between 18 and 65 years old.
- Health Status: Must be generally healthy, with no significant medical conditions.
- Informed Consent: Participants must provide written informed consent.
- Non-smoker: Participants should not be current smokers or have a history of smoking.
- Medication: Must not be taking any medication that could interfere with the study outcomes.

If you meet these criteria and are interested in participating, please contact us at [research@medicalstudy.com](mailto:research@medicalstudy.com) for more information.

Thank you for considering this opportunity to contribute to medical research.

Sincerely,  
The Research Team
