## **Referral Letter**

Date: [Insert Date]

To Whom It May Concern,

I am writing to refer [Patient's Name], a [Patient's Age]-year-old [Gender], for evaluation and intervention regarding concerns about language processing issues.

After conducting an initial assessment, it has become apparent that [he/she/they] exhibits challenges in areas such as comprehension, vocabulary usage, and expressive language. These difficulties have been observed in both academic and social contexts, impacting [his/her/their] overall communication skills.

I believe a thorough evaluation by a speech-language pathologist is necessary to determine the specific nature of [Patient's Name]'s language processing issues and to develop an appropriate treatment plan.

Please feel free to contact me at [Your Phone Number] or [Your Email] for any further information or to discuss this referral.

Thank you for your attention to this matter.

Sincerely,
