

Health Precautions for Urgent Care Visits

Dear [Patient's Name],

As we prioritize your health and safety, we would like to remind you of the following precautions for your upcoming urgent care visit:

- Please wear a mask before entering the facility.
- Sanitize your hands upon arrival and throughout your visit.
- Maintain a minimum distance of 6 feet from other patients and staff.
- If you have any symptoms such as cough, fever, or difficulty breathing, please inform our staff immediately.
- Limit the number of accompanying individuals to one, if necessary.

Your cooperation is essential in helping us provide a safe environment for all patients and staff. Thank you for understanding.

Sincerely,

[Your Name]
