

# Driveway Usage Restrictions

Dear Tenants,

We would like to take this opportunity to remind you of the driveway usage restrictions that apply to all tenants in our property. These restrictions are in place to ensure the safety and convenience of all residents.

## Usage Guidelines:

- No parking in the driveway between the hours of 10 PM and 7 AM.
- Only residents with a valid parking permit are allowed to park in the driveway.
- Long-term storage of vehicles in the driveway is prohibited.
- All vehicles must be removed during designated snow removal times.

Please adhere to these guidelines to avoid any inconvenience for yourself and your neighbors. Failure to comply may result in towing at the owner's expense.

Thank you for your cooperation!

Sincerely,
