Dear [Recipient's Name],

I hope this message finds you well. I am writing to formally request a reconsideration of the interest rate applied to my account, [Your Account Number or Loan Reference]. I have been a loyal customer for [number of years/months] and believe that a review of my current financial situation, alongside recent market trends, warrants a reassessment.

As you are aware, the recent economic shifts have resulted in lower interest rates across the board. I would greatly appreciate your assistance in reviewing my account to align the interest rate with current market standards.

I am hopeful for your understanding and look forward to your positive response.

Thank you for your attention to this matter.

Sincerely,
