Dear [Patient's Name],

We hope this letter finds you in good spirits. As you are aware, managing bronchitis requires a tailored approach based on your current condition and response to treatment. After reviewing your recent visit, we would like to suggest the following adjustments to your care plan:

- Increased rest periods to aid recovery.
- Adjustment in medication to better manage symptoms.
- Incorporation of breathing exercises into your daily routine.
- Limit exposure to irritants, including smoke and dust.
- Regular follow-up appointments to monitor progress.

Please feel free to reach out if you have any questions or need further clarification regarding these adjustments. Your health and well-being are our top priority.

Warm regards,
