Dear [Recipient's Name],

I am writing to refer [Patient's Name], a [Patient's Age] year old [Patient's Gender], who has been under my care for [specific rheumatologic condition]. Recent laboratory tests have indicated elevated inflammatory markers, including [list specific markers, e.g., ESR, CRP], which warrant further evaluation.

Patient details:

- **Full Name:** [Patient's Name]
- **Date of Birth:** [Patient's DOB]
- **Medical Record Number:** [Patient's MRN]
- **Contact Information:** [Patient's Contact Info]

I recommend a comprehensive follow-up appointment to assess the patient's current status and to discuss potential modifications to the treatment plan based on the inflammatory marker results.

Thank you for your attention to this matter. Please do not hesitate to contact me for any additional information.

Sincerely,
