

# Community Guidelines

Dear Community Members,

Welcome to our platform! To ensure a positive and respectful environment for all users, we have established the following community guidelines:

## 1. Be Respectful

Engage with others in a respectful manner. Discrimination, harassment, or hateful comments will not be tolerated.

## 2. Stay Relevant

Please keep discussions relevant to the topics at hand. Off-topic conversations can lead to confusion and disruption.

## 3. Share Constructively

Contribute positively to discussions. Constructive criticism is welcome, but it should always be delivered in a helpful tone.

## 4. Protect Privacy

Respect the privacy of other users. Sharing personal information without consent is strictly prohibited.

## 5. Use Appropriate Language

Avoid using offensive or vulgar language. We strive to maintain a friendly atmosphere for all users.

We appreciate your cooperation in following these guidelines. Together, we can create a supportive community.

Thank you,

The Community Team
