Dear [Recipient Name],

We hope this letter finds you well. As part of our ongoing efforts to ensure the integrity and efficacy of our software systems, we are conducting a comprehensive risk assessment focused on our software architecture.

Assessment Objectives

- Identify potential risks associated with architectural decisions
- Evaluate the impact of identified risks on system performance and reliability
- Develop mitigation strategies to address high-priority risks

Assessment Methodology

The risk assessment will be conducted using the following methods:

- Review of architectural documentation and design decisions
- Interviews with key stakeholders
- Risk analysis workshops

Timeline

The assessment is expected to be completed by [Insert Completion Date]. We will keep you updated on our progress and findings.

We appreciate your collaboration and support in this important endeavor. If you have any questions or require further information, please do not hesitate to reach out.

Sincerely,
