[Recipient's Name]

[Recipient's Title]

[Agency Name]

[Agency Address]

Dear [Recipient's Name],

As part of our ongoing commitment to enhancing efficiency and collaboration across government agencies, we are developing a Technology Ecosystem Interoperability Strategy. This strategy aims to ensure that our technology systems can seamlessly communicate and share data with one another, fostering improved service delivery and informed decision-making.

Key objectives of this strategy include:

- Establishing common data standards and protocols.
- Facilitating cross-agency collaboration on technology initiatives.
- Enhancing data security and privacy measures.
- Promoting user-centered design in technology solutions.

We invite your agency to participate in a series of workshops to discuss and refine the interoperability strategy. Your insights and expertise will be invaluable to the success of this initiative. Please let us know your availability for these sessions.

Together, we can build a more connected and efficient government technology ecosystem.

Thank you for your attention and collaboration.

Sincerely,

[Your Name]
