2. Stakeholder Engagement

Enhance communication channels with stakeholders to solicit feedback and promote collaboration.

3. Training and Development

Implement training programs to improve knowledge and skills related to IT governance among staff.

4. Performance Metrics

Establish key performance indicators (KPIs) to measure the effectiveness of IT governance initiatives.

5. Policy Updates

Update governance policies as needed to reflect changes in regulations and best practices.

We are committed to continuous improvement and believe that these initiatives will strengthen our IT governance framework. Your support and collaboration will be vital in this process.
