

IT Governance Framework Overview

Dear Stakeholders,

We are pleased to present an overview of our IT Governance Framework, which aims to align our IT strategies with the business goals and ensure the efficient and effective use of IT resources.

Purpose of IT Governance

The primary purpose of the IT Governance Framework is to provide a structured approach that enables us to manage IT investments while ensuring accountability, risk management, and performance measurement.

Key Components

- **Strategic Alignment:** Ensures that the IT strategy aligns with business objectives.
- **Value Delivery:** Focuses on optimizing the value delivered by IT investments.
- **Risk Management:** Identifies and mitigates IT-related risks.
- **Resource Management:** Ensures efficient asset and resource utilization.
- **Performance Measurement:** Tracks and evaluates IT performance against established metrics.

Stakeholder Engagement

We encourage ongoing engagement and feedback from all stakeholders to enhance our governance framework continuously. Your insights and perspectives are invaluable for the success of our IT initiatives.

Thank you for your continued support.

Sincerely,

[Your Name]
