Dear [Recipient Name],

We are writing to formally communicate the integration of our IT Governance Framework with our Risk Management processes. This initiative aims to enhance our organization's capability to manage risks effectively while ensuring alignment with our strategic goals.

Our integrated approach will leverage the best practices from both frameworks, enabling us to:

- Identify and assess risks in a systematic manner.
- Align IT objectives with business objectives.
- Improve decision-making through comprehensive risk analysis.
- Enhance compliance with regulatory requirements.

We believe that this integration will foster a culture of risk awareness across the organization and propose a meeting to discuss the implementation timeline and responsibilities.

Thank you for your attention to this important initiative. We look forward to your support as we enhance our governance and risk management capabilities.

Sincerely,

[Your Name]
