Subject: Vendor Risk Management Strategies

Dear [Vendor Name],

As part of our ongoing commitment to ensuring a secure and resilient supply chain, we would like to outline our vendor risk management strategies that we require all our vendors to adhere to.

## 1. Risk Assessment

Regular risk assessments will be conducted to identify potential vulnerabilities and threats associated with your services/products.

## 2. Compliance Requirements

All vendors must comply with relevant regulations and industry standards, including [insert relevant standards, e.g. ISO, GDPR, etc.].

## 3. Continuous Monitoring

We will continuously monitor vendor performance and risk factors, utilizing metrics that ensure ongoing compliance and performance evaluation.

## 4. Incident Management

It is crucial that all vendors have an incident response plan in place to address any security breaches or operational disruptions effectively.

## 5. Training and Awareness

Vendors are expected to provide ongoing training to their staff on security policies and risk management practices.

We appreciate your cooperation and commitment to maintaining the highest standards of risk management. Please feel free to reach out with any questions or for further clarification on these strategies.

Best regards,
