[City, State, ZIP Code]

Dear [Telecom Service Provider],

I am writing to formally petition for the setup of residential telecom services in my area. Many residents, including myself, are currently experiencing limited access to reliable telecommunication services. This has significantly impacted our daily lives and productivity.

There is a growing demand for high-speed internet and telephone services in our community, and we believe that your company is well positioned to provide these essential services. We kindly request a thorough evaluation of our area for the possibility of service installation.

Thank you for considering our petition. We are hopeful for a positive response and look forward to having access to quality telecom services soon.

Sincerely,

[Your Signature (if sending a hard copy)]
