Subject: Construction Delay Insurance Claim due to Adverse Weather Conditions

Dear [Claims Adjuster's Name],

I am writing to formally submit a claim under our construction delay insurance policy due to the adverse weather conditions that have affected the progress of our project at [Project Location].

As documented, we experienced [specific weather events, e.g., heavy rainfall, snow storms], which occurred from [Start Date] to [End Date], causing significant delays that impacted our original timeline. Due to these unforeseen circumstances, we are unable to complete the project by the agreed deadline of [Original Completion Date].

According to our policy [Policy Number], we are entitled to coverage for construction delays caused by severe weather conditions. I have attached all relevant documentation, including weather reports, project schedules, and correspondences with contractors that illustrate the impact of these weather conditions on our project timelines.

We appreciate your prompt attention to this matter and look forward to your confirmation of receipt of this claim. Please do not hesitate to reach out if you require any additional information or documentation.

Thank you for your assistance.

Sincerely,
