[Address]

Dear [Recipient's Name],

We are excited to propose a school-based environmental education project aimed at fostering an appreciation for the environment among our students. The project, titled "**Protecting Our Planet: A Student-Led Initiative**", will engage students in various activities focused on sustainability, conservation, and environmental stewardship.

Objectives of the Project:

- To educate students about local ecosystems and biodiversity.
- To encourage active participation in community clean-up efforts.
- To promote sustainable practices within the school environment.

We aim to implement this program over the course of the academic year, involving various stakeholders, including students, teachers, local businesses, and environmental organizations.

We kindly request your support in providing funding and resources for this initiative. Together, we can inspire our students to become responsible and informed environmental citizens.

Thank you for considering our proposal. We look forward to your positive response.

Sincerely,

[Your Name]
