Dear [Recipient's Name],

I am writing to formally express my concern regarding the significant delays in the processing of waste management permits. As you are aware, timely processing of these permits is crucial for maintaining public health and environmental safety in our community.

We submitted our application for a waste management permit on [date of application submission], and despite following up several times, we have yet to receive any updates or feedback regarding its status. This ongoing delay is causing operational difficulties and uncertainty for our waste management activities.

I urge your office to expedite the processing of our permit to ensure compliance with environmental regulations and to support the continued welfare of our community. The persistent delays not only affect our processes but also strain the resources available for effective waste management.

Thank you for your attention to this matter. I look forward to your prompt response.

Sincerely,

[Your Name]
