Dear [Recipient Name],

I am writing to formally submit a patent application for my software innovation entitled "[Title of the Software Innovation]." This invention addresses the need for [briefly explain the problem your software solves].

The software utilizes [describe the technology or methodology used] and offers [mention key features and benefits]. I believe this innovation meets the criteria for patentability, including novelty, non-obviousness, and utility.

Enclosed with this letter are the following documents:

- Completed Patent Application Form
- Detailed Description of the Invention
- Claims of Invention
- Drawings/Diagrams (if applicable)
- Filing Fee Payment

I request that you acknowledge receipt of this application and inform me of any further information or documentation needed for processing. Thank you for your attention to this matter.

Sincerely,

[Your Name]
