Subject: Digital Asset Security Evaluation

Introduction

Please find below the checklist for evaluating the security of our digital assets.

Checklist Items

- Have all digital assets been inventoried?
- Is access to digital assets restricted to authorized personnel only?
- Are strong passwords enforced for all accounts?
- Is two-factor authentication enabled where applicable?
- Are regular updates and patches applied to all systems?
- Is there a data backup policy in place?
- Is sensitive data encrypted during storage and transmission?
- Are employees trained on security best practices?
- Is there an incident response plan established?
- Is antivirus software installed and regularly updated?

Conclusion

Please review the checklist and provide your feedback by [Insert Due Date].
