Dear [Recipient's Name],

We are writing to outline the requirements for maintaining temperature control during the shipment of our products. Ensuring proper temperature conditions is crucial for quality and safety.

## Temperature Control Specifications:

- Maintain a constant temperature of [specify temperature range] throughout shipment.
- Use insulated packaging materials to prevent temperature fluctuation.
- Utilize temperature logging devices to monitor conditions during transit.
- Ensure transportation vehicles are equipped with refrigeration units as necessary.

## Responsibilities:

- The sender must package items according to the specified temperature requirements.
- The carrier must confirm the functionality of refrigeration units before dispatch.
- The recipient must verify temperature conditions upon receipt of the shipment.

It is vital that all parties adhere strictly to these requirements to ensure product integrity. If you have any questions or require further clarification, please do not hesitate to contact us.

Thank you for your attention to this important matter.

Sincerely,

[Your Name]
