

Subject: Proposal for Modified Shipping Strategy

Dear [Recipient's Name],

I hope this message finds you well. I am writing to propose a modification to our current shipping strategy that could enhance our operational efficiency and reduce costs.

After analyzing our shipping processes, I suggest the following changes:

- **Consolidated Shipments:** Grouping smaller orders to reduce shipping frequency.
- **Alternative Carriers:** Considering options beyond our current primary carriers.
- **Shipping Window Optimization:** Adjusting delivery schedules based on peak transit times.

These modifications could potentially lead to improved delivery times and lower shipping costs. I would love to discuss this proposal further and explore the implementation of these strategies at your convenience.

Thank you for your consideration.

Sincerely,
[Your Name]
