

Author Residency Application Proposal

Date: [Insert Date]

To the [Residency Program Name],

Dear [Program Coordinator's Name],

I am writing to express my interest in the [specific residency program] and to propose a collaborative project that involves local artists during my residency. As an author with a background in [briefly describe your writing background and area of interest], I believe that collaboration can enhance the creative process and foster a vibrant exchange of ideas.

My vision for this collaboration is to engage local artists in a series of workshops where we can co-create works that blend literature with visual arts, music, or performance. This initiative aims to not only enrich my own writing but also to celebrate the unique artistic voices within the community.

I anticipate that this collaboration will result in a public exhibition or performance that showcases our collective creativity, fostering a greater connection between the artists and the community. I am more than willing to adapt the project based on the needs and interests of the local artists to ensure a meaningful partnership.

Thank you for considering my proposal. I look forward to the possibility of contributing to [City or Community Name] through literature and collaboration.

Sincerely,

[Your Name]
