

You're Invited!

Dear [Friend's Name],

I hope this message finds you well! As we gear up for the upcoming semester, I thought it would be a great idea to gather a group of us together to form a study group. It would be an excellent opportunity for us to share ideas, help each other out, and make studying a lot more enjoyable!

We can meet every [Day of the Week] at [Time] at [Location]. I am looking forward to collaborating on assignments and preparing for exams together.

Let me know if you're interested, and feel free to invite anyone else you think would want to join us!

Looking forward to hearing from you soon!

Best,
[Your Name]
