Key Findings:

- Identified potential candidates for future vacancies.
- Assessed current board member performance and long-term commitments.
- Reviewed industry trends that may influence board requirements.

Next Steps:

- Schedule one-on-one meetings with potential candidates.
- Gather feedback from all board members on identified candidates.
- Prepare a finalized succession plan to be presented at the next board meeting.

Thank you for your continued support and engagement in this important process. Please feel free to reach out if you have any questions or require additional information.
