Dear [Franchisee Name],

We are pleased to inform you about our commitment to renewable resource usage within our franchise network. As part of our initiative to promote sustainability and environmental responsibility, we encourage all franchisees to adopt practices that utilize renewable resources effectively.

As a franchisee, you are expected to implement the following measures:

- Utilization of solar power systems where feasible.
- Implementing energy-efficient equipment and appliances.
- Promoting the use of recyclable materials in operations.
- Participating in local renewable resource programs.

We believe that these practices will not only contribute to a healthier planet but also enhance your franchise's appeal to environmentally-conscious consumers.

Please confirm your acceptance of these guidelines by signing and returning this letter by [Insert Due Date].

Thank you for your commitment to sustainability.

Sincerely,
