Subject: Feedback on Services Provided

Dear International Student Services Team,

I hope this message finds you well. I am writing to provide feedback regarding the services I have received as an international student at [University/College Name].

Firstly, I would like to express my appreciation for the welcoming environment and support provided during the orientation process. The information sessions were incredibly helpful in understanding the resources available to us.

However, I believe there are a few areas for improvement. Specifically, the response time for inquiries could be faster. Sometimes, it takes a while to receive assistance, which can be stressful for students facing urgent issues.

Additionally, I suggest increasing the frequency of workshops on cultural adjustment and academic support, as many international students may benefit from more comprehensive guidance in these areas.

Thank you for taking the time to read my feedback. I appreciate the hard work your team puts in to support international students, and I hope my suggestions can contribute to enhancing the services offered.

Best regards,
