

Letter of Concern Regarding Online Course Content

Dear [Instructor's Name/Administrator's Name],

I hope this message finds you well. I am writing to express my concerns regarding the content of the online course titled "[Course Name]" that I am currently enrolled in. I have observed several aspects that I believe may need attention and improvement.

Firstly, I have noticed that some of the materials provided are outdated and do not align with the current trends and research within the field. Additionally, there are sections that lack clarity and depth, which makes it difficult for students to grasp essential concepts.

Furthermore, I am concerned about the balance of diversity in the resources being used. It is crucial for students to engage with a wide range of perspectives and voices within the subject matter.

I believe that addressing these issues will enhance the learning experience for all students. I appreciate your attention to these matters and look forward to seeing improvements in the course content.

Thank you for your understanding.

Sincerely,
[Your Name]
