

Bed Arrangement Options for Shared Room

Dear [Recipient's Name],

We are excited to provide you with several bed arrangement options for your shared room. Here are the suggestions:

Option 1: Bunk Beds

This arrangement saves space and allows for two sleeping areas in a compact layout.

Option 2: Twin Beds

Place two twin beds side by side with a bedside table in between for easy access.

Option 3: Lofted Beds

Lofted beds create more floor space underneath for studying or storage.

Option 4: L-Shaped Configuration

Position the beds in an L-shape to maximize the use of corner space.

We hope one of these arrangements suits your preferences. Please let us know your choice.

Best regards,
