Dear [Company Name or Customer Service],

I am writing to express my dissatisfaction regarding the promotional content recently shared by your company. I believe that the messaging reflects a discriminatory approach that is not in line with [Company's Values/Policies].

The promotional material, specifically [describe the content or campaign], perpetuates stereotypes and fails to represent the diversity of your customer base. This is not only disappointing but also concerning, as it undermines the efforts towards inclusivity and equality.

I urge you to review and amend your promotional strategies to ensure they align with a more inclusive narrative that respects all individuals. Your company has a responsibility to foster equality and promote positive messages across all platforms.

Thank you for your attention to this matter. I hope to see a positive change in your future campaigns.

Sincerely,

[Your Name]
