Subject: Assignment of Intellectual Property Rights

Dear [Recipient Name],

I, [Your Name], hereby assign and transfer all rights, title, and interest in the intellectual property associated with [Description of Software], developed or created on [Date of Creation] to [Recipient/Company Name], effective immediately.

This assignment includes all copyright, trademarks, patents, and any other related intellectual property rights associated with the aforementioned software.

I affirm that I am the rightful owner of the intellectual property being assigned, and this transfer is made willingly and without any coercion.

Thank you for your attention to this matter. Please acknowledge receipt of this assignment by signing below.

Sincerely,
[Your Signature (if sending a hard copy)]
[Your Printed Name]

Acknowledgment

By signing below, I, [Recipient Name], accept the assignment of the intellectual property rights as detailed above.
