

Residential Zoning Variance Application for Home Business Use

Date: [Insert Date]

To Whom It May Concern,

I, [Your Name], residing at [Your Address], am writing to formally request a variance to the current residential zoning regulations to permit the operation of a home business at my residence.

Description of Business: [Briefly describe the home business, e.g., "I plan to operate a freelance graphic design service primarily conducted online."]

Reason for Request: [Explain why a variance is necessary, e.g., "Due to the nature of my work, I require minimal foot traffic and only occasional client meetings, which will not disrupt the residential character of the neighborhood."]

Impact on the Neighborhood: [Discuss any potential impacts, e.g., "There will be no signage, and customer visits are estimated to be twice a month, ensuring no disturbance to my neighbors."]

I appreciate your consideration of my application and am willing to comply with all necessary regulations and attend any hearings required to discuss this request.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
