To Whom It May Concern,

I am writing to request a reference for my visa application to obtain medical treatment outside my home country. I have been diagnosed with [medical condition] and my doctor has recommended that I seek treatment at [hospital/clinic name] located in [country].

In order to satisfy the visa requirements, I would be grateful if you could provide a reference regarding my current medical condition and the necessity for overseas treatment. The details of my medical history can be provided upon request.

Thank you for your assistance in this matter. I look forward to your prompt reply.

Sincerely,
