

# Reference Request for Hospitality Job

Dear [Reference's Name],

I hope this message finds you well. I am writing to kindly request your assistance in providing a reference for my job application. I am applying for an entry-level position in the hospitality industry, and I believe your perspective on my skills and work ethic would be invaluable.

During my time at [Previous Job/Internship/Volunteer Experience], I had the pleasure of working alongside you, where I was able to develop my [specific skills or experiences relevant to hospitality]. I am excited about the opportunity to further my career in this field, and your endorsement would greatly enhance my application.

If you agree, I can provide more details about the job and my experiences, and I would be more than happy to send you any additional information or a formal job description.

Thank you for considering my request. I greatly appreciate your help and support.

Best regards,

[Your Name]
