Hiring Manager

XYZ Engineering Firm

456 Business Rd

Businesstown, BT 67890

Dear Hiring Manager,

I am writing to express my interest in the civil engineering internship position at XYZ Engineering Firm as advertised on your website. I am currently a junior at ABC University, pursuing a Bachelor's degree in Civil Engineering, and I am eager to gain practical experience to complement my academic knowledge.

Throughout my coursework, I have developed a solid foundation in structural analysis, fluid mechanics, and materials science. My hands-on experience in various engineering projects at university has honed my skills in design software such as AutoCAD and MATLAB. I am particularly passionate about sustainable engineering practices and have focused my studies on environmental engineering principles.

I am excited about the opportunity to contribute to your team and learn from experienced professionals at XYZ Engineering Firm. I am particularly impressed by your commitment to innovative solutions in urban infrastructure development, and I am eager to bring my enthusiasm and skills to your projects.

Thank you for considering my application. I look forward to the possibility of discussing my application with you in further detail. Please find my resume attached for your review.

Sincerely,

John Doe
