Dear [Employer's Name],

I am writing to express my interest in the internship position at [Company's Name] as advertised on [where you found the listing]. I am currently a [Your Year, e.g., junior] at [Your University] pursuing a degree in Chemistry, with a specialization in Analytical Chemistry. I am eager to apply my knowledge and skills in a practical setting, and I believe that my background makes me a strong candidate for this role.

Through my academic coursework, I have gained a solid foundation in various analytical techniques such as spectroscopy, chromatography, and mass spectrometry. I have completed projects that involved [briefly mention a relevant project or experience], which provided me with hands-on experience in data analysis and interpretation. I am particularly interested in [mention any specific area of analytical chemistry or a relevant aspect of the company], and I am excited about the possibility of contributing to your team.

I am attracted to [Company's Name] because of [mention something specific about the company or its projects that interests you]. I am confident that my skills in analytical methods and my passion for chemistry will allow me to contribute positively to your team while gaining valuable experience from industry experts.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to [Company's Name] during an interview. I have attached my resume for your review, and I would be happy to provide any additional information needed.

Sincerely,
[Your Name]
