City, State, Zip Code

Dear Hiring Manager,

I am writing to express my interest in the Aerospace Engineering Design Internship position at Aerospace Innovations Inc. as advertised on your website. I am currently a junior pursuing a Bachelor's degree in Aerospace Engineering at XYZ University, and I am eager to apply my skills and passion in a practical, fast-paced environment.

During my academic journey, I have gained a solid foundation in aerodynamic principles, structural analysis, and propulsion systems. My hands-on experience with CAD software, specifically SolidWorks and CATIA, has allowed me to contribute to various design projects, including a lightweight drone prototype that placed first in a university competition.

I am particularly drawn to Aerospace Innovations Inc. because of your commitment to developing sustainable aerospace solutions. I admire your recent initiatives in green technologies and would love the opportunity to contribute to such impactful projects.

Enclosed with this letter is my resume, which provides further details regarding my academic achievements and project experience. I am looking forward to the possibility of discussing my application with you. Thank you for considering my application. I hope to hear from you soon.

Sincerely,  
Jane Doe
