Dear [Recipient Name],

I am writing to express my interest in the internship position focused on power systems analysis at [Company Name], as advertised on [where you found the job listing]. I am currently pursuing a degree in Electrical Engineering at [Your University], where I have developed a strong foundation in power systems and electrical circuits.

Through my coursework and hands-on projects, I have gained experience in analyzing power distribution systems, utilizing tools such as MATLAB and ETAP. My academic projects include [briefly mention a relevant project or experience], which enhanced my problem-solving skills and understanding of real-world applications.

I am particularly drawn to [Company Name] because of [specific reason related to the company or team], and I believe that my skills and passion for power systems would make me a valuable addition to your team. I am eager to contribute my knowledge and gain practical experience in a challenging environment.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to [Company Name] during an interview.

Sincerely,

[Your Name]
