Dear [Employer's Name],

I am writing to express my interest in the internship position focused on embedded systems at [Company's Name] as advertised on [where you found the internship posting]. I am currently pursuing a Bachelor's degree in Electrical Engineering at [Your University] and have a strong interest in embedded systems and their applications.

Throughout my academic career, I have gained valuable knowledge in circuit design, microcontrollers, and programming languages such as C and Python. My hands-on experience in [any relevant project or lab work], has equipped me with the technical skills necessary to contribute to your team effectively.

I am particularly drawn to [Company's Name] due to [specific reason related to the company or its projects]. I believe that an internship at your company will allow me to apply my skills in a real-world setting while also learning from experienced professionals in the field.

I have attached my resume for your review and would appreciate the opportunity to discuss how my background, skills, and enthusiasms align with the needs of your team. Thank you for considering my application. I look forward to the possibility of contributing to [Company's Name].

Sincerely,
[Your Name]
