Dear [Recipient's Name],

I am writing to express my interest in the Electrical Engineering internship position at [Company's Name] as advertised on [where you found the internship]. As a current electrical engineering student at [Your University], I have developed a strong foundation in circuit design, and I am eager to apply my skills in a practical environment.

Through my coursework and projects, I have gained hands-on experience in designing and testing circuits using tools such as SPICE and MATLAB. I successfully completed a project where I designed a [briefly describe a relevant project], which enhanced my understanding of circuit functionality and troubleshooting.

I am particularly drawn to this internship opportunity at [Company's Name] because of your commitment to innovation in [specific area of the company relevant to circuit design]. I am excited about the possibility of contributing my skills to your team and learning from industry professionals.

Thank you for considering my application. I am looking forward to the opportunity to discuss how my background in circuit design can contribute to the exciting projects at [Company's Name]. Please find my resume attached for your review.

Sincerely,

[Your Name]
